Address _____

Phone home _____ Cell _____

Email _____ Church _____

Profession or Student _____

Estimated Cost \$3,900.00 Includes airfare, lodging and most meals
\$500.00 refundable deposit
Make check payable to Warm Heart International

In order for us to plan a trip that is beneficial to you and the group here are a few questions.

Tell us why you want to join the group going to Malawi.

Tell us what international travel you have done, country and reason for travel.

Do you have any medical, engineering, grant writing, or educational experience?

If you had the opportunity to do anything you wanted while in Southern Malawi what would it be? Examples include, meeting lots of people, exploring the local environment, visiting the local churches, learning about the food, or finding out how you might be part of Warm Heart Int'l in the future.

If you have been on other mission trips or pilgrimages? What did you like the most about them? What do you wish you could have done but didn't do?

Do you have any health issues or special food requirements that we would need to know?

What do you hope to receive from this experience?

If you have any questions about the trip or this application you may contact me, Nancy Parish 512-610-3549.

This trip covers a large area in Southern Malawi. We travel by bus or van to visit the areas we help support. This involves visiting water wells drilled, feeding stations installed, piggery's and chicken coops built, and the schools that have computers we purchased.

We stay with local families. During the day you're out with the other pilgrims. In the evenings, you participate in the day to day life of your family. This could include going to a party, attending bible study, helping the young ones with homework, or just sitting around and watching TV and discussing the day's events.

Our hope is that you will see what Warm Heart is doing in Malawi and be inspired to be a part of it. Malawi is one of the poorest countries in the world. Warm Heart is a small hands-on organization that is always in need of fresh eyes and fresh thoughts on ways to raise money and/or awareness of the needs for the people of Malawi. I hope you can join us and renew us with new energy.
